A Combat Support Agency

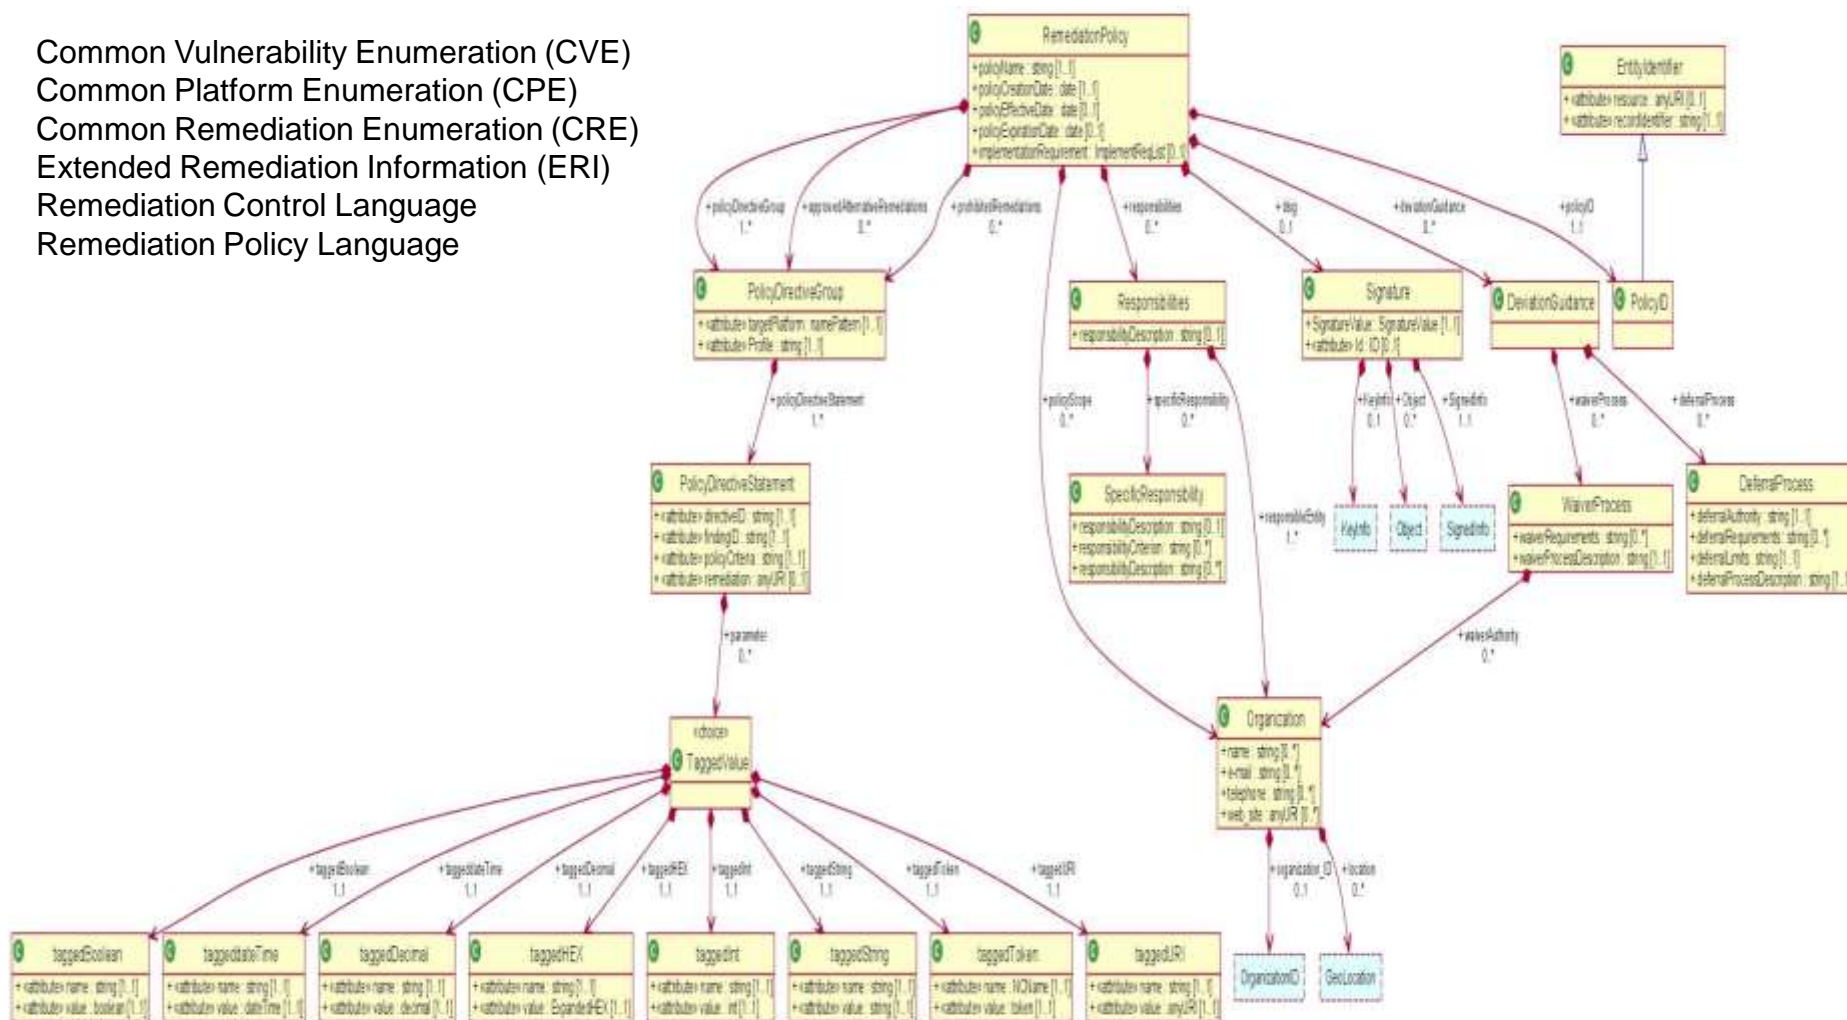

DoD R&D for Remediation Standards for Secure Configuration Management

**NSA I71S CND R&T
26 September 2010**

This brief contains references to U.S. Government military capabilities that may not be authorized for release to foreign governments. Mention of these capabilities in no way implies that the U.S. Government will release or consider release of them, or of any additional associated classified or unclassified information pertaining to them. This brief may also contain references to U.S. Government future plans and projected system capabilities. Mention of these plans or capabilities in no way guarantees that the U.S. Government will follow these plans or that any of the associated system capabilities will be available or releasable to foreign governments.
